Lawyer by qualification, visual communications producer by experience.

Founded in

2019

After starting up and growing a production company for 5 years it was time to head in a new direction.

Founded to

make visuals that move with intent

We are here to enable people and organisations to connect with others and empower them to make the maximum positive impact on the world through photo and video.

The logo consists of two large, bold, black letters 'M' and 'M' positioned side-by-side. A small horizontal line is placed between the two 'M's, centered between their vertical stems.
